

Logicoil Successful with QR National Contract

Bowen QLD, December 2011: Logicoil has secured another key contract with QR National at the Pring Site, Merinda via Bowen QLD 4805

Logicoil will perform direct into locomotive refueling for QR National. The service provided to QR National is 24 hours per day & 7 days per week, 365 days per year.

The employment strategy for the project involves Logicoil relocating people within its own organization as well as creating other employment opportunities for people in the region.

Logicoil is now in the next stage of its evolution, under the leadership and guidance of CEO Peter Hameister and Financial Controller Michael Muraca and supported by a highly experienced management team that has been put in place, with the capacity to take Logicoil into the future.

This new contract will enable Logicoil to build on the already strong relationship established with QR National.
